"We make a living by what we get, we make a life out of what we give." - Winston Churchill

The Community Service Avenue of Rotaract Club of DGMC had organized a school supply drive. The event was held on 7th December 2020. The collection was held on 5th and 6th December.

We had received a hundred story books and novels, twenty notebooks around eight sets of blank papers which were binded, pencils, pens, small pouches of back to school supplies, some toys and two boxes of crossword. After an ample amount of donation, members of the community service avenue donated all the items to Dreamz Home Center for Girls.

Amidst the pandemic schools are being conducted online. DGMC recognised the unaddressed needs of NGOs which are home for underprivileged children and have schools inhouse to educate their kids. The aim was to provide basic and necessary items like pencils, notebooks, pens, etc. to students who need it.

We all know that the theme of RCDGMC for this year is education and elevation. Education is the most important tool in order to bring about a change, and elevation comes along with education. This was an initiative taken by RCDGMC to make stationery available to those students who are in need of it, because everyone deserves to have equal opportunities to grow and learn. This was our atom sized effort to help eradicate the educational difficulties experienced by students.

Name of the event: Republic Day

Date: 26 January 2021

Report of the event:

Flag is the symbol of our National Pride. Over the last six decades, respective people have generously laid down their lives to keep the tri color flying high in the sky in its full glory.

On the other hand, it hurts to see flags on the ground. Trampled upon. Piled up in the trash. What do we do about it? Despite our unrelenting patriotism and love for the flag, we end up disrespecting it.

This Republic Day, Rotaractors of DGMC stepped out to pick up soiled national flags and dispose of them in a befitting manner.

On 26th January 2021, The Rotaractors of Deviprasad Goenka Management College of Media Studies, thought of what's a better way to celebrate our 72nd Republic Day than spreading awareness to our citizens to pay respect to our National Flag not just by hoisting it, but also to pick it up when you see a Flag lying down on the streets after the celebration ends.

The Rotaract Club pledged that we'll make sure we can spread this awareness to as many people as we can and also to pick up any Flag we find in our way.

Name of the event: Feeding Stray Dogs

Date: 4 October 2020

Report of the event:

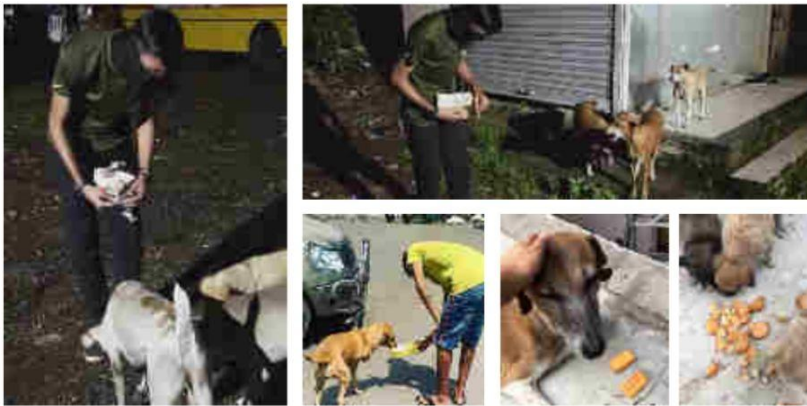

During the pandemic stray dogs were also struggling just like us, food was scarce and most of the street dogs were starving. In Collaboration with "House of Strays" which is a NonProfit organization, the Rotaract Club of DGMC organized an activity wherein our young Rotractors took a stroll on the streets outside their homes to feed all the starving stray dogs they could find.

On the 4th of October, a Sunday morning, young rotaractors took to the streets near their homes to feed any stray dogs they could find.

The members were asked to feed any stray dogs they could spot outside their homes and document their interactions with the canines by taking pictures. During the pandemic, our little four-legged friends have found it even more challenging than usual to fill up their stomachs.

The aim of International Animal Day is to raise awareness about the welfare of animals all around the globe. The Rotaractors of DGMC decided to play their role by making sure these voiceless, innocent, creatures received at least one meal.

By interacting with the dogs our members discovered a new found empathy in their hearts for these voiceless creatures. Participants' vision enlarged with the realization that strays are fed with not one meal but three square meals with dignity thus upholding the spirit of compassion for four- legged co-habitants on Earth.

Rays and Hues: An Altruistic Visit to Bal Sadan

RC of DGMCMS organized a two days Altruistic Visit on 30th & 31st March, 2021 to an orphanage with the idea of cheering up the children given the emotional challenges such underprivileged children are left to grapple with, in the midst of the prolonged Covid crisis period. On 30th March, 2021, the event started at 12:00 PM with action songs. Games were played, kids danced, had lots of fun & they were given chocolates. A wholesome lunch was arranged with them. Following the lunch, the singers performed & the kids responded to the songs

humming back like bees. Nodding to the beats, they even requested them to sing other songs. Another game "Halt at the station" had the children dancing out of joy as they won in the end.

Day 1 then had come to an end with a photo session & distribution of Oreo biscuits & Dairy Milk chocolates to the children. Day 2 started with the "Freeze" game & "Lagori Cups" game after which the dancers performed their numbers. The children were overwhelmed with joy & tapped their feet too. While lunch was a fulfilling experience for the volunteers, the "Treasure Hunt" game lit the children's face with bright flames of exciting smiles. After that, each child of Bal Sadan cheerfully came forward to place their imprints with colorful paints. The stationery purchased & packed with chocolates & key chains were distributed to the children. It was time to say "Goodbye" & the volunteers left the orphanage sensing the need to spread joy & hope at all times, covering more places & more people across the world.
