Report

On the occasion of International Coastal Cleanup Day 2022, under the initiative of Government of India's Clean Coastal Safe Sea, RCDGMC commemorated the same on 18th of September 2022

The team arrived at Juhu beach at 8 o'clock with full zeal and vigor for the cleanup drive.

People pitched in to collect beach trash to make the beach a more pleasant and safer place for everyone.

Every piece of litter that was removed from the beach and kept out of the ocean reduces the amount of trash harming aquatic life.

At the end, 9 garbage bags were filled till the brim and there was a visible difference of cleanliness at the beach. This beach clean-up was a crucial mitigation technique that promoted awareness of the issue and motivated people to take part in finding solutions.

The main feedback of this beach clean-up drive was to increase public awareness of marine pollution and to help the oceans by removing trash and plastic waste.
