1. Report on the Plant Donation Drive Organized by DLLE Club

Event Details:

Dates: 12th to 16th December 2023

Organized By: DLLE Club, Deviprasad Goenka Management College of Media Studies (DGMC)

The DLLE (Department of Lifelong Learning and Extension) Club of Deviprasad Goenka Management College of Media Studies (DGMC) organized a week-long Plant Donation Drive from 12th to 16th December 2023. This initiative was inspired by the need to promote environmental sustainability and foster a sense of responsibility towards nurturing a greener ecosystem. The drive served as a platform to engage the entire college community in addressing environmental concerns through collective action.

Objective: The primary aim of the Plant Donation Drive was to encourage the plantation of medicinal plants and create awareness about the importance of greenery in ensuring a healthier and more sustainable environment. By fostering a sense of community participation, the initiative aimed to transform accessible open spaces within and around the campus into verdant areas.

Execution: The event spanned five days and took place on the DGMC college campus. It was spearheaded by the proactive DLLE team, who meticulously planned and executed the drive.

Key activities included:

1. Students, faculty members, and non-teaching staff were encouraged to donate medicinal plants of their choice. Popular contributions included tulsi, aloe vera, and turmeric plants, among others.
2. Brief interactive sessions were conducted to educate participants about the medicinal and environmental benefits of the plants being donated.
3. The donated plants were strategically planted within the college premises and nearby accessible spaces. This activity saw enthusiastic participation from students, teaching faculty, and non-teaching staff.

Participation: The drive witnessed overwhelming support from the college community:

- **Students:** Numerous students actively contributed plants and participated in the plantation activities.
- **Teaching Faculty:** Faculty members not only donated plants but also shared valuable insights on the importance of preserving the environment.
- **Non-Teaching Staff:** The non-teaching staff lent their assistance in setting up and maintaining the plantation areas.

Key Highlights:

- **Medicinal Plant Focus:** The drive emphasized the plantation of medicinal plants such as tulsi, aloe vera, and turmeric, known for their environmental and health benefits.
- **Community Engagement:** The initiative brought together various sections of the college, fostering unity and a collective sense of responsibility toward environmental preservation.

Impact:

Abhinav

1. **Increased Green Cover:** The plantation of medicinal plants within the college premises enhanced its green cover.
2. **Environmental Awareness:** The event succeeded in creating awareness about the role of plants in combating climate change and improving air quality.
3. **Health Benefits:** The focus on medicinal plants ensured that the greenery not only added aesthetic value but also provided potential health benefits to the community.

The Plant Donation Drive organized by the DLLE Club of DGMC was a resounding success. It exemplified the power of community-driven initiatives in addressing environmental challenges. By fostering a culture of environmental consciousness and collective responsibility, the drive has set the stage for similar green initiatives in the future. The DLLE Club extends heartfelt gratitude to all participants for their contributions and unwavering support in making this event a memorable and impactful one.

2. Report in Event: Bottles for Change by Rotaract Club at DGMC

Date of the Event: 02/11/23

Topic: Plastic Waste Management Session

Club / Committee: Rotaract Club

Venue: Madhoprasad Saraf Seminar Hall

Website Link: <https://dgmc.org.in/events/plastic-waste-management-session-was-held-on-2nd-nov-2023/>

Event Report & Synopsis

The Rotaract Club of Deviprasad Goenka Management College of Media Studies organized a significant Plastic Waste Management Session at the Madhoprasad Saraf Seminar Hall on November 2, 2023, at 11:00 AM. The event aimed to raise awareness and promote responsible plastic waste management practices among students and participants.

The session featured two distinguished speakers who shared their insights and experiences in the field of plastic waste management.

Mr. Sanjay Merchant, representing the Rotary Club of Bombay Airport, is an individual with a strong commitment to community-level projects that make a tangible impact on the world. His speech emphasized the need for collective action and the Rotary Club's active involvement in projects aimed at tackling plastic pollution.

Along with that, we were joined by Miss Harleen Kaur, a representative from Team Bisleri, who introduced the brand as a symbol of commitment to providing safe, pure, and healthy mineral water to millions. She discussed the significance of sustainable packaging and the steps taken by Bisleri to reduce plastic waste through innovative recycling and upcycling initiatives.

The students were provided with waste bags to collect plastic waste from their respective homes and return it back to the team Bisleri via the club. The key highlight of the event was the signing of the MOU between the college and team Bisleri under their CSR initiative titled bottles of change. The event was well-received, and it is expected that the knowledge and awareness shared during the session will inspire participants to take practical steps towards reducing plastic waste in their daily lives and within their communities.

NOTICE

The Rotaract Club

"Bottles for Change – Say NO to Plastic"

The Rotaract Club of Deviprasad Goenka Management College of Media Studies is organising an Initiative "Bottles for Change – Say NO to Plastic" in collaboration with BISLERI.

Plastic waste shall be collected on the Ground floor (lobby) of DGMC from 6th March 2024 onwards.

Guidelines

What to Bring:

Please bring in the following single-material plastics:

1. Water and beverage bottles (PET).
2. Milk jugs, detergent bottles, and food containers (HDPE).
3. Grocery bags, plastic wrap, and some food containers (LDPE).
4. Jars for peanut butter, sauces, and condiments (PP or PET).
5. Lids from bottles and containers.
6. Clean and dry plastic bags used in grocery stores (LDPE or HDPE).
7. Straws and utensils - forks, knives, and spoons (PP or PS).
8. Packaging materials like blister packs, clamshells, and trays.

Report on "Virtual Visionaries" Save Electricity Poster Making Competition

Event Details:

Date: 7th October 2023

Organized By: Rotaract Club

Introduction: On 7th October 2023, the Rotaract Club of [Institution/Organization Name] conducted a poster-making competition titled "Virtual Visionaries" with the central theme of "Save Electricity." This event aimed to foster a sense of responsibility among participants and the wider community towards energy conservation, encouraging creative engagement with a critical global issue.

Objective: The primary goal of the competition was to raise awareness about the importance of electricity conservation and promote sustainable practices through the artistic and innovative efforts of the participants.

Execution: The competition was held in the college's IT Lab, equipped with advanced software and technology to enable participants to unleash their creativity. Students were encouraged to create digital posters, leveraging the available tools to design impactful visual representations of the theme.

Key steps included:

1. Participants were briefed about the theme "Save Electricity" and its significance.
2. Assistance was provided to familiarize participants with the software and tools available in the lab.
3. Completed posters were submitted for evaluation, focusing on creativity, relevance to the theme, and overall impact.

Participation: The competition received an enthusiastic response, with a significant number of participants from various disciplines. Students showcased imaginative interpretations of the theme, reflecting their commitment to energy conservation and environmental sustainability.

Impact:

1. The competition successfully highlighted the importance of saving electricity and adopting sustainable energy practices.
2. Participants gained hands-on experience with advanced software, improving their technical and design skills.
3. The creative output of the participants inspired discussions on energy conservation among peers and faculty members.

Conclusion: The "Virtual Visionaries" Save Electricity Poster Making Competition was a resounding success. It not only provided a platform for students to express their creativity but also emphasized the critical need for electricity conservation in today's world. The Rotaract Club extends its gratitude to all participants and supporters who contributed to the success of this meaningful initiative.

Notice 011/2019

6th November 2019

NOTICE FOR STUDENTS

Dos and Dont's

We believe that every small effort counts when it comes to conserving energy and protecting our environment. As responsible members of our college community, we have an essential role to play in reducing our energy consumption. With this in mind, we kindly request your cooperation in adopting the following dos and don'ts to promote energy conservation within our college premises:

Dos:

- Switch off lights and fans when leaving classrooms and other common areas. Remember, unnecessary lighting contributes to energy waste.
- Power down electronic devices, including computers, laptops, tablets, and chargers, when not in use. Standby mode still consumes energy, so unplugging is recommended.
- Report any malfunctioning electrical equipment, leaky faucets / taps, or broken windows promptly to the Admin department to ensure efficient energy use.

Don'ts:

- Avoid leaving taps running unnecessarily. Ensure that faucets / taps are tightly closed after use to prevent water wastage.
- Refrain from leaving doors and windows open when air conditioning is operational. This can lead to a significant loss of conditioned air and put additional strain on the energy systems.

Remember, our collective efforts can make a significant impact on energy conservation. By following these guidelines, we can contribute to a greener and more sustainable future.

Thank you for your cooperation in creating an energy-conscious environment.
