# THE BRIDGE

FROM OUR HEART TO YOURS

**PILLARS OF RCDGMC**

**Dr. Ameer Vora**  
Principal, DGMC

The smallest act of kindness is worth more than the grandest intention. - Oscar Wilde.  
Kindness over flows in the hearts of our young Rotaractors at DGMC. Under the supervision of their advisors Prof. Selvi and Prof. Shalu Balan, and also President Rtr Sanman Hutgikar, the Rotaract club of Deviprasad Goenka Management College of Media Studies has flourished, It has been such a wonderful experience to watch them come along on their journey and grow together as a team, working hard to make our world a place filled with kindness and love. Their hard work has paid off, the countless successful projects prove it, I wish them luck for the rest of their journey, and believe that they will continue to bring pride to their college.

**Prof. Selvi S**  
Club Advisor, RCDGMC

Our Rotaractors at RCDGMC function passionately hoping to make a difference and bring about constructive changes in and around them. In that sense, every single effort by Rtr. Sanman and his team holds a special place in our hearts! More than the grandeur of their triumphs and the glitter of their rewards, it is their uncanny ability for perseverance and endurance coupled with the cooperative principles of unity and integrity that deserve applause, having fully realized that success is the sum of small efforts, this team has put forth its baby feet on the earthy ground of socio-personal intervention in the RI year 2022-23. And this, they have done with immense confidence - planning and executing amazing initiatives in and around DGMC, to begin with. We, as their Advisors, congratulate them for their meticulousness. And yes, we take this opportunity to merrily confess to this team that we are all braced up to see them conquer together ultimately showing to the world that the ripple effect of small things is always extraordinary!

**Prof. Shalu Balan**  
Club Advisor, RCDGMC

It can be very difficult to explain human nature, but that does not mean we should lose faith in ourselves or in the kindness and humanity that lies within the hearts of others. Our Rotaractors at The Rotaract club of Deviprasad Goenka Management College of Media Studies have managed to do just that. With passion they have devoted their energy and time for making the world a better place - making the entire College, Principal ma'am, and us as mentors extremely proud. The entire team works closely together to curate and execute numerous events over the past few months, working endless hours to make sure each initiative taken by them has a touch of humanity and kindness. As their advisor I would like to congratulate Rtr. Sanman Hutgikar and his team for their commendable efforts and hardwork. We cannot wait to watch them grow and flourish even further with time, and take The Rotaract Club of DGMC to new heights.

**Rtr. Sanman Hutgikar**  
President, RCDGMC

It gives me immense pleasure to introduce to you our team of The Rotaract club of Deviprasad Goenka Management College of Media Studies for the RI year 2022-23, through the first edition of our quarterly newsletter named 'The Bridge', which we hope communicates and connects everything that our club does straight from our hearts to yours, As the President I believe its my responsibility to take RCDGMC to new glorious heights and make sure that every Rotaractor in my club prospers and becomes a complete different person as a Rotaractor and does good to the society at large.

**Rtr. Krisha Yadav**  
Secretary, RCDGMC

I couldn't have thanked my stars more as I got this opportunity to be the Secretary of the Rotaract club of DGMC. The work culture and journey so far has been nothing less than a dream. I've had the good fortune of learning with and from the best colleagues and mentors, But this piece would be incomplete if I don't mention our Principal ma'am, Dr. Ameer Vora. She has contributed significantly to RCDGMC with her wisdom, experience and time. I, along with all my team members would like to express our heartiest gratitude to her and this institute for everything.

"The strength of the team is each individual member.  
The strength of each member is the team."

## RAKHI WITH HEROES

The Community Service Avenue of RCDGMC organized an event named 'Rakhi with heroes' on the occasion of Raksha Bandhan. As sisters pray for the longevity of the lifespan of their brothers through a sacred thread, similarly rakhis were tied to the real protectors of our city, Mumbai Police. Students took an initiative and reached out to the policemen of Malad Police Station and tied rakhis to express their gratitude. The prime motive of the event was to appreciate the work of our police department in safeguarding the society.

## YOGA DAY

On the occasion of International Yoga Day, The Rotaract Club of Deviprasad Goenka Management College of Media Studies organized a yoga session. The event took place in the campus where more than 100 students took part in the session.

Ms. Maansi Jade, the bronze medalist in Khelo India Yoga Competition was the guest of the event. The event began with our very own Principal Dr. Ameer Vora addressing and guiding our students about yoga followed by the demonstration of various asanas.

## KARGIL VIJAY DIWAS

On 26th July 2022, Kargil Vijay Diwas marked the milestone of 23 years. The Rotaract Club of Deviprasad Goenka Management College of Media Studies in association with the Film Society and the Advertising and Branding Club organized an event to pay tribute to the soldiers. The CEO of RSET Capt. Col. Anand Yagnik graced the occasion with his delightful presence. Later the gathering was addressed by our Principal Dr. Ameer Vora.

The audience was fascinated by watching the documentaries of the Indian Army which gave them a glimpse of the life of a soldier, followed by discussions which were held about how the Army is portrayed in today's cinema.

As a token of love, students wrote letters to our brave soldiers who risk their lives for our motherland. Rakhis made by specially abled children were attached to those letters as Rakshabandhan was around the corner.
